PROFILE

I am an Web Developer located in Louisville, Ky. My journey towards this career path began with Code Louisville in August of 2019 and I absolutely love it. With an outgoing and dedicated personality, I believe that a person should work on developing their professional skills and learn new things all the time. My ideal work environment would be a place where I can contribute on day one and continue to learn and grow from the talented people around me.

SOFT SKILLS

Problem Solving
Detail Oriented
Dedicated Team Member
Works Well Under Pressure
